**CITY OF BATH
FILL PERMIT APPLICATION**

The undersigned requests a permit to fill land at _____ Map
_____ Lot _____. Fill will consist of earth, ashes, cinders, rocks, or other materials
acceptable to the City and the Maine Department of Environmental Protection. The fill
materials proposed will be:

_____.

The approximate quantity or area of fill to be deposited will be _____.

Submitted with and part of the of this application are:

1. A plot plan at a scale no smaller than 1" = 50' showing:
 - a. property lines
 - b. existing and proposed building
 - c. any water bodies (lakes, ponds, intermittent or continuous streams, marshes, swamps, etc.) within 300' of the property
 - d. any wells within 300' of the property
 - e. any septic or sewerage facilities on the property
 - f. any fences, walls, hedges, tree lines, or other significant features on the property.
2. Details on access, erosion control, operation, relative elevations before and after filling, and any other additional information requested by the Health Officer.
3. Any approvals required by the Department of Environmental Protection (if applicable).
4. \$100.00 application fee.

The following operating features will be adhered to:

1. All fill will be graded as the project progresses. Fill will not accumulate ungraded beyond a level acceptable to the Health Officer. If necessary, a specific schedule for grading will be developed with the Health Officer.

2. The site will be operated and maintained in a safe and orderly fashion, with any measures deemed necessary to control dust, odor, noise, debris, etc. effected by the applicant.
3. The cost of all filling and fill related improvements will be born by the applicant. In the event that the City has to intervene, the cost of any work done or contracted by the City to bring the site into compliance or to completion, which may include but not be limited to filling, grading, fencing, removal, loaming, seeding, etc. will be born by the applicant and/or the property owner by whatever means necessary.
4. All filled areas will be graded, covered with soil capable of supporting vegetation, seeded and provided with effective ground cover within one growing season of completion.

Filling operations will begin _____ and will be complete by _____.

The area will be seeded as detailed in Item 4 above no later than _____.

Any deviations in this schedule must be approved by the Health Officer.

The applicant certifies that all submitted information is true and correct to the best of his/her knowledge, and that he/she is or lawfully represents the owner of the property. All work will be done in accordance with the details submitted and all applicable laws/codes. Any deviations from the proposal submitted must be approved by the Health Officer. Falsification or misrepresentation of any submitted information, or unauthorized deviation from the submitted proposal will be grounds for revocation of the permit applied for herein.
