ACCESSIBLE BATHROOMS

This handout summarizes the requirements for bathrooms in facilities other than dwelling units that are designed to be accessible to people with disabilities. The text is taken from the Americans With Disabilities Act (ADA)/Federal Accessibility Standards. The requirements haven been amended to include additional accessibility requirements of Maine Law, specifically the arrangement of access to toilets in section 4.16.

The handwritten page numbers in circles at the bottom of the page are the handout page numbers. Numbers in small circles in the margins are the handout page numbers where the referenced sections can be found in Appendix C of the Americans With Disabilities Handbook, published by the Federal Government.

This handout is for general use and does not include all the ADA requirements for every situation or circumstance. For bathrooms in dwelling units, you will need more information than is in this handout. For assistance with the ADA/accessibility requirements, contact the ADA Information Center at 1-800-949-4232, or the State Fire Marshal's Office at 207-624-8744. For help with Bath building requirements or codes matter, contact us at the address on the letterhead above.
